- 5 The time allowed for carrying out the works will be as shown at Page-1 of the NIT against individual group of work and to be reckoned from the 10<sup>th</sup> day after the date of issue of 'letter of acceptance of tender'
- 6 The site for the work shall be made available within 10(ten) days after the date of issue of the letter of acceptance of tender.

- 7 The last date of receipt of written application for issue of tender document is 1500 hours 27.03.2017 and the tender form will be issued to the bidder up to **1500 hours of 28.03.2017.**
8. Tender documents consisting of plans, specifications, the schedule of quantities of the various classes of work to be done and the set of terms & conditions of contract to be complied with by the contractor whose tender may be accepted and other necessary documents can be seen in the office of the Executive Engineer, Brahmaputra Board, Nagaon Division, Nagaon-782001 between **11:00 hours to 15:00 hours** from **22.03.2017 to 27.03.2017** every day except on 2<sup>nd</sup> Saturdays, Sundays and Public Holidays. Tender documents, excluding the standard CPWD Form-8, will be issued from his office, during the hours specified above, on payment of the **cost of tender document as shown in the tender document against individual group of work** by means of *Demand Draft / Banker's Cheque*, etc. drawn in favour of *Financial Adviser, Brahmaputra Board, Basistha, Guwahati-29 and payable at Guwahati.*
- 9 Earnest Money as shown against individual group of work **at Page-1 of the NIT shall be submitted** in the shape of Banker's Cheque / Deposit at Call Receipt of a scheduled bank / Fixed Deposit Receipt of a scheduled bank / Demand Draft of a scheduled bank issued in favour of the *Executive Engineer, Nagaon Division, Brahmaputra Board, Nagaon-782003 and payable at Nagaon.*
- 10 The **Security Deposit** will be collected from the Running Account Bills of contractors @ 10% of the tendered value of the individual group of work.
- 11 ***The tenders are to be submitted*** group wise for each group of work. *The tender for each group of work should contain Eligibility document & Financial bid which should be submitted in 2(two) separate sealed envelopes.*

Tenders will be received by the **Executive Engineer, Nagaon Division, Brahmaputra Board, Nagaon** at his office up to **14:00 hours on 30.03.2017.** *The tender document for each group of work will be opened by him or by his authorized representative in his office on the same day at 14:30 hours. The bidder should clearly write the Tender No, Name of work, Name of bidder with address in each envelope and clearly indicating the in Envelope for **Eligibility document** and **Financial bid** against each individual group of work*

12. The location & quantity of work are as given below:

Location	Quantity of Work
Killing Dam Project site near Karbihidi village in Karbi Anglong District of Assam and 40 km away from Nelli on NH-37	Quantity as shown in <b>Schedule-1 to Schedule-4 enclosed.</b> <i>(Quantity may vary depending upon actual requirement &amp; site condition)</i>

Copies of other drawings and documents pertaining to the works will be open for inspection by the bidders at the office of the above mentioned officer.

- 13 Bidders are advised to inspect and examine the site and its surroundings and satisfy themselves before submitting their tenders as to the form and nature of the site, the means of access to the site, the accommodation they may require and in general shall themselves obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their tender. Bidders shall be deemed to have full knowledge of the site whether he inspects it or not and no extra charges consequent on any misunderstanding or otherwise shall be allowed. The bidders shall

be responsible for arranging and maintaining at his cost for all materials, tools & plants, water, electricity access, facilities for workers and all other services required for executing the work, unless otherwise specifically provided for in the contract documents. Submission of a tender by a bidders implies that he has read this notice and all other contract documents and has made himself aware of the scope and specifications of the work to be done and of conditions and rates at which stores, tools and plants, etc. will be issued to him by the Government and local conditions and other factors having a bearing on the execution of the work.

14. The competent authority on behalf of the Chairman, Brahmaputra Board does not bind itself to accept the lowest or any other tender and reserves to itself the authority to reject any or all the tenders received without the assignment of any reason. All tenders in which any of the prescribed condition is not fulfilled or any condition including that of conditional rebate is put forth by the tenderer shall be summarily rejected.
15. Canvassing whether directly or indirectly, in connection with tenders is strictly prohibited and the tenders submitted by the contractors who resort to canvassing will be liable to rejection.
16. The competent authority on behalf of the Chairman, Brahmaputra Board reserves to himself the right of accepting the whole or any part of the tender and the tenderer shall be bound to perform the same at the rate quoted.
17. *The contractor shall not be permitted to tender for works in which his near relative is posted as Divisional Accountant or as an officer in any capacity between the grades of Superintending Engineer and Junior Engineer (both inclusive). He shall also intimate the names of persons who are working with him in any capacity or are subsequently employed by him and who are near relatives to any Gazetted Officer in the Brahmaputra Board or in the Ministry of Water Resources. Any breach of this condition by the contractor would render him liable to be rejected.*
18. No Engineer of Gazetted rank or other Gazetted Officer employed in Engineering or Administrative duties in an Engineering Department of the Government of India is allowed to work as a contractor for a period of two years after his retirement from Government service, without the previous permission of the Government of India in writing. This contract is liable to be cancelled if either the contractor or any of his employees is found any time to be such a person who had not obtained the permission of the Government of India as aforesaid before submission of the tender or engagement in the contractor's service.
19. The tender for the works shall remain open for acceptance for a period of **90 (ninety) days** from the date of opening of tenders. If any tenderer withdraws his tender before the said period or issue of letter of acceptance, whichever is earlier, or makes any modifications in the terms and conditions of the tender which are not acceptable to the Department, then the Government shall, without prejudice to any other right or remedy, be at liberty to forfeit 50% of the said earnest money as aforesaid. Further the tenderer shall not be allowed to participate in the re-tendering process of the work.
20. This Notice Inviting Tender shall form a part of the contract document. The successful tenderer / contractor, on acceptance of his tender by the Accepting Authority, shall, within 10 days from the date of issue of Letter of Acceptance, sign the contract consisting of:

- a) The Notice Inviting Tender, all the documents including Special conditions of contract, additional conditions, specifications and drawings, if any, forming the tender as issued at the time of invitation of tender and acceptance thereof together with any correspondence leading thereto.
  - b) Standard CPWD Form-8.
21. All rates should be quoted clearly in figures as well as in words. In case of discrepancy in the rate quoted by the contractor in words & figures, the rate quoted in words will be considered as the correct rate. Rates quoted shall be inclusive of all taxes

  
Executive Engineer  
Brahmaputra Board  
Nagaon Division

## SPECIAL CONDITIONS OF CONTRACT

### **1. Drawing**

An Index Map showing the location of work is attached. The detailed working drawings and specifications may be seen in the office of the Executive Engineer, Nagaon Division, Brahmaputra Board, Nagaon-782001. Detailed working drawing will be provided along with the formal work order after signing the Contract Agreement.

### **2 Start of work to be notified:**

The contractor will notify the Engineer-in-charge in writing about his intention to start any item of work. The item of work will be taken up with the consent of the Engineer-in-charge who will verify whether there is enough stock of materials and other inputs/ machineries required for the item of work.

### **3 Use of Construction facilities:**

It is possible that other works at or in the vicinity of the site will be performed by the department or by other contractor during the period of time allowed for the performance of the work under these specifications. The contractor shall permit full use, (without charge thereof) by the department and or other contractors, of roads, bridges, foot bridges, lighting and such other facilities constructed by the contractor for use in the performance of the contract without direct additional cost to the contract.

### **4. Climatic conditions:**

The Engineer-in-charge may order the contractor to suspend any work that may be subject to damage by climatic condition.

### **5. Right of way:**

The site for the installation of machinery or the right of way for the works to be constructed under this contract and for necessary stacking site, borrow pits, channels, spoil banks, ditches, roads etc, will be arranged by the contractor after consultations with the department.

### **6. Date to be furnished by the contractor:-**

The contractor shall submit the information to the Engineer-in-charge before starting the work regarding the proposed construction program and time schedule within 10(**ten**) days after the date of receipt of notice to proceed with the work (formal work order).

### **7. Permits for materials:**

The department may assist in arranging permits for construction materials, priorities for transport by road, rail or steamer or written request but will not entertain any claim for compensation for any delay in obtaining such materials which however, may be considered in giving extension of time only.

### **8. Supply details:-**

Before the dispatch of any materials to be supplied by him, the contractor shall duly notify the Executive Engineer regarding the source of supply and the route over which such materials is to be transported.

### **9. Leviable charges:** The following charges, where leviable are payable by the contractor:

- a) Forest Department Road Toll for materials transported through Forest Department Road.
- b) Royalty/ Monopoly on all forest produce used like Boulder, Aggregates, Timber, Earth, Bamboo, Thatch etc.
- c) Demurrage of wherever, if so levied due to contractor's fault.
- d) Sales tax on all materials purchased if it is applicable on them.

- e) Compensation for damage, use or appropriation of private property. Such charges, if any, will be recovered by the Department from the Contractor and will be paid to the Department concerned. Any charges in rates for forest royalty, sales tax etc, during the tenure of the work will be borne by the contractor.
22. Unless otherwise specified, all tender item rates are inclusive of the supply of materials and all handling and transport charges to work.
23. When the Engineer-in-charge accepts a power of attorney executed by a contractor as conferring authority on a bank to receive payment on his behalf, all payment under the contract may be made direct to the bank. On contractor's own acceptance of the correctness of the amount made out as being due to him by the Department, but in case of dispute between the contractor and the bank all dues to the contractor will be kept in deposit till the contractor and the bank (through an authorized agent) arrive at an amicable settlement or either party established its claim by recourse of law.
24. **Measurements:**  
Measurements for all executed works will be done as per standard practice
25. (a) The contractor shall construct suitable go-down, stacking site at the site of work for storing the materials safe against damage of sun, rain, dampness, fire, theft etc, at his own cost.
- (b) The contractor shall also employ necessary watch and ward establishment for the purpose at his own cost.
- (c) The materials are to be stacked in a proper level ground with measurable stack and every stacked should be marked with white paint at the toe of the stack with serial number. Before utilization, the stacks are to be measured and the stack number is to be noted in presence of Engineer-in-charge/Site Engineer of the Department in register. The location of such stack/stockyard shall be selected in consultation with site Engineer. The rent etc for stockyard is the responsibility of the contractor. In case of necessity for shifting of stacked boulder/ materials due to any reason before their laying at a safe distance from the river bank and the same will be carried out by the contractor at his own cost.
- (d) If directed, materials shall be tested in any approved testing laboratory and the test certificate in original shall be submitted to the Engineer-in-charge and the entire charges connected with testing including charges for repeated tests, if ordered shall be borne by the concerned contractor.
- (e) All equipment & facilities for carrying out field test on materials shall be provided by the contractor without any extra cost.
- (f) All materials supplied by the employer/any other specialist firm & materials of contractor for which advance is given by the Department shall be properly stored and the contractor shall be responsible for its safe custody until they are required on works and till the completion of works. The Board may also deploy its own personnel at such stockyard to oversee and supervise in the Boards interest.
26. **Supply of machinery.** No tools and plants/machineries will normally be supplied by the Department for the execution of the work. In case any T&P is available and is given to the contractor, necessary hire charges will be recovered from the running bills as per rates fixed by the Department.

27. **Supply of construction material** - The CGI sheet required for work will be issued by the Department and is to be collected from Departmental store at Rangia. The rate of CGI sheet to be issued to contractor from Departmental store at Rangia, Assam is **Rs. 4,304.00 (Rupees four thousand three hundred four) only per quintal**. The carrying charge of the CGI sheet from Departmental store at Rangia to work site will be paid to the contractor as per their offered rate. The contractor need not quote rate for CGI sheet against the **Item No-6 (Schedule-1), Item No-4 (Schedule-2) and Item No-7 (Schedule-3)** of Financial Bid for work of *Group-1, Group-2 and Group-3 respectively*. The quantity of CGI sheet utilized for the work and its cost as per the issue rate will be recorded in the bill and the same amount will be recovered from final bill amount.
28. The contractor must not sublet the work or any part of the work without the permission of the Executive Engineer, Nagaon division, Brahmaputra Board, Nagaon.
29. No labourer under 14(fourteen) years of age shall be employed for the work and all labourers employed shall be paid at rates not less than generally paid for similar work in the neighborhood and as per minimum wage circular of the Labour Department, Govt. of Assam. Labour license shall be obtained by the contractor from the competent authority.
30. Labourer engaged by the contractor for Unskilled/Semiskilled should invariably be local people, wherever such people are available.
31. It will be bidder's responsibility to arrange for permit for collection of stones, river boulders, gravels, sand and other required materials and make payment for royalties for those. The Departments may however, help in arranging the permit if it is a Government quarry but the contractor will have to pay the royalties as required.
32. All works shall have to be carried out as per specification in schedules of rates, relevant IS specification and Technical specification covered in the tender. In case of any variation or contradiction between specifications referred to above, the decision of the *Executive Engineer* shall be applicable.
33. The contractor shall provide for necessary insurance as per workman compensation Act and also provide for 3<sup>rd</sup> party insurance risks.
34. The water and electricity required for construction and for their own camp purpose shall be arranged by the contractor.
35. **Price variation:**  
The accepted tender rate / L.S. price shall remain firm for the entire period of construction and no price variation will be allowed even if there is change in labour wages, P.O.L. and cost of living index during entire construction period.
36. If arbitration arises, the jurisdiction will be the "Gauhati High Court" only.
37. Quality control of the works vis-à-vis specification of materials will be done as per standard Norms / Codes practiced by Assam PWD on item by item basis.

## ADDITIONAL CONDITIONS OF CONTRACT

1. **Specification of work and mode of payment:**

The works are to be carried out as per specifications and directions of Engineer-in-Charge as per actual site conditions strictly within the specified time frame. The specification of the individual work are as per **Schedule-1, Schedule-2, Schedule-3 and Schedule-4** and payment will be made as per measurement of works done.
2. All items in Schedule of quantity are consolidated items of works inclusive of all consumable material cost, labours, tools & equipments etc. All rate quoted by the contractor will be inclusive of cost for labour, all consumable material, tools & equipments, all taxes as applicable etc.
3. If situation demands, the printed challans in a book form with numbering will be arranged by the contractor for transport of materials necessary for the work from the stacking yard to actual place of utilization as per direction of the Engineer-In-Charge.
4. There is likelihood that some other works may also be under execution simultaneously by other agencies in the adjoining area. The contractor shall execute the works without causing any hindrance/ disruption to such works.
5.
  - a) The contractor shall intimate the Engineer-In-Charge about the number of labourer and number & type of equipments engaged daily for execution of the work. Two registers will be maintained by him for this purpose. He shall arrange the labourers in such a way so as to complete the works within the stipulated time.
  - b) As the work will be executed in different locations, the contractor shall submit detailed intimation to the Engineer-In-Charge before starting the work at a new location furnishing the date from which he wants to start the work at that location. The work at the new location will be taken up with the consent of Engineer in charge.
6. The contractor is sole responsible for watch and ward of the materials necessary for the work till completion and handing over of the site to the Department. For any loss, theft or damage of materials under custody during execution of the work, the contractor is liable to make up for such loss as deemed fit by the Department.
7. The contractor shall draw the materials from Departmental store being fully satisfied regarding the specifications and quantity of materials failing which no claim in any shape shall be entertained. No claim for want of Departmental supply of materials shall be entertained. Departmental materials shall be issued to the contractor depending upon the availability in the Departmental store. The contractor shall remain responsible for the proper storage & safe custody of such materials.
8. Engineer-in-charge or his authorized representative shall check the quality of the works from time to time. Observations regarding defects communicated by him, if any, will be removed/ rectified by the contractor for which no extra claim shall be entertained in any shape.
9. In case situation demands, the Engineer in Charge has the right to review the situation as regards to possibility of execution of works or otherwise. In case it is not possible to execute the works, necessary instructions will be issued by the Department to temporarily/ permanently close the works, which will be binding on the contractor and no claim whatsoever for sudden suspension/ closure of works will be admissible.

10. All the materials brought to the site must be subject to approval of the Engineer-in-Charge or his authorized representative. Rejected materials must be removed by the contractor at his own cost from the site within 24 hours of the issue of order to that effect. In case of non-compliance with such orders, the Engineer-in-Charge shall have the authority to cause such removal at the cost & expense of the contractor and the contractor shall not be entitled to any loss or damage on this account.
11. The Department shall deduct Labour Welfare Cess, Income Tax, VAT and or any other prevailing tax as per norms at the time of releasing payment of interim bills/ final bill.
12. Accident :
  - (i) It shall be the responsibility of the contractor to protect against accidents on the works and the workmen engaged by him in the works. He shall indemnify the Department against any claim for damage or for any injury to persons or property resulting from and in the course of works and also under the provision of the Workman's Compensation Act.
  - (ii) On the occurrence of an accident arising out of the work which results in death or which is so serious as to be likely to result in death, the contractor shall within 24 (twenty four) hours of such accident, report in writing, to the Engineer-in-Charge and District Labour Officer stating the facts clearly and in sufficient the circumstances of such accident and the subsequent action. All other accidents on the works involving injuries to persons or damage to property other than that of contractor shall be promptly reported to the Engineer-in-Charge and the District Labour Officer stating clearly and in sufficient details the facts and circumstances of the accidents and the action taken.

In all cases, the contractor shall indemnify the Department against the contractor's failure to report in the matter aforesaid. This includes penalties or fines, if any, payable by the Govt. as a consequence of failure to give notice under the Workmen's Compensation Act or failure to conform to the provisions of the said Act in regard to such accidents. In the event of an accident in respect of which compensation may become payable under the Workman's Compensation Act-VIII of 1923 including all modifications thereof whether such compensation may become payable by the contractor, the Engineer-in-Charge may retain payment due to the contractor such sum or sums of moneys as may in the opinion of the Engineer-in-Charge be sufficient to meet such liabilities. On receipt of award from the Labour Commissioner in respect of quantum of compensation, the difference of amount is adjusted.

  
Executive Engineer  
Brahmaputra Board  
Nagaon Division

**ANNEX- ICE**
